The Protectowire Co. Inc.
Quality Policy

It is the Policy of The Protectowire Co., Inc. to provide reliable and efficient product and services to its customers, while conforming to all required statutory, environmental, and safety regulations and to maintain customer satisfaction at the highest economic level.

The Company supports a fully integrated Quality System that meets ISO9001-2015 requirements and is independently assessed by an independent third party. Ultimate responsibility for the operation of this quality system rests with the President.

The Quality System ensures that the Company can fulfill contractual obligations by:

- *Ensuring that all activities that affect the quality of the product or service are carried out under controlled conditions.*
- *Providing up to date instructions and training to all personnel and to promote quality awareness.*
- *The company is committed to establishing, monitoring and analysis of quality indicators that provide the feedback to enable quality improvements.*
- *Constant risk assessments of the Quality Management Systems while understanding the needs and expectations of interested parties.*

The President ensures that this policy is communicated, understood, and implemented at all levels in the Company.
